TO WHOM SO EVER IT MAY CONCERN

It gives me great pleasure in writing this recommendation for one of my best students, **Ms. Amina Arsheen**. I have known **Ms. Amina** while her tenure as a student at NIFT, Hyderabad during the years 2010-2014. During her years of study here I've closely interacted with her as a teacher where in I taught her subjects like Draping, Textiles, Fabric Studies, Research Methods, & Couture Design. I have observed her in close quarters both academically and personally and feel qualified enough to make the following comments.

Ms. Amina was highly consistent with her performance as a student and I recognize her as an eager learner and a passionate professional. She was a dedicated student who stood out among her peers for her ambition, creative approach and enthusiasm. She actively took part in in-house competitions and has won the title of 'Miss Talented' during the NIFT annual fest, Spectrum - 2012. Efficient, procedural, out-going and motivated are a few qualities that describe Ms. Amina.

Due to her engaging personality and a strong motivated interest, I recommend Ms. Amina Arsheen as a fine choice for your program. Please do not hesitate to contact me for more information.

Thank you.
